

# LGBTQA2S+ EQUALITY WE'RE LOUDER TOGETHER

## SUPPORTING THE LGBTQA2S+ COMMUNITY WITH THEATRE CALGARY

It is crucial that Theatre Calgary's art reflects the world we live in today. Telling the stories of the LGBTQA2S+ community is integral to this belief and thus we are proud to be showcasing the world premiere of *The Louder We Get*. Destined for Broadway, this dazzling musical follows the compelling and inspirational true story of Canadian teenager Marc Hall as he navigates the Catholic school system to fight for his right to take his boyfriend to prom and quickly finds himself at the front-line battle for LGBTQA2S+ equality.

Representation is key to the path of progress and through art and storytelling we can advocate for diverse communities while not acting as their voice. We must act as allies for under-represented communities to amplify and champion their voices. Theatre Calgary invites you to join us as we make good on our commitment to champion new voices and stories with *The Louder We Get*. Together, we can create an inclusive, diverse and impactful arts community that both informs and reflects the society that we live in!

## BECOME A CHAMPION OF INCLUSIVITY AND REPRESENTATION IN THE ARTS

Theatre Calgary actively seeks out new and unheard voices as a means of empowering under-represented communities to tell their own stories, in their own voices. Although this remains ingrained in everything we do, we are unable to achieve these goals without supporters like you. You can become a champion of representation and inclusion in the arts through a contribution of:

**\$2,500** · Your donation will allow Theatre Calgary to commission and develop new work from unheard voices. Investing in new work will ensure art represents all voices in our community.

**\$1,000** · Your donation will allow young audiences to experience the power of inclusive and representational theatre. Engagement with diverse stories will foster greater acceptance amongst the future generations.

**\$500** · Your donation will allow Theatre Calgary to provide paid mentorships to a diverse spectrum of emerging artists. Greater representation amongst theatre staff and artists will result in diverse content on our stage.

**Other** · A contribution of any amount helps Theatre Calgary bring unheard and new voices to life on our stage.
